

CALL FOR PAPERS

ICGG 2017
Feb 26-27, 2017
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGG 2017 : International Conference on Geology and Geophysics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Geology and Geophysics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Geology
Mathematical Geology
Geomechanics
Dynamic geology
Mineralogy
Mineral deposits and Ore
microscopy
Petrology
Rock and Soil Mechanics
Sedimentology
Paleogeography
Paleontology
Stratigraphy and geohistory
Precambrian geology

Quaternary Geology
Structural geology
Tectonics
Exploration geology
Hydrogeology
Geological Applications of Remote
Sensing
Regional geology
Volcanology
Oil and gas geology
Coal geology
Experimental Geology
Geochemistry
