

CALL FOR PAPERS

ICCEP 2017
Nov 23-24, 2017
Havana, Cuba

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEP 2017 : International Conference on Clinical and Experimental Pharmacology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Clinical and Experimental Pharmacology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Adverse drug effects
Cardiovascular risks
Drug Side Effect
Molecular Pharmacology
Neuropharmacology
Pharmacoepidemiology
Pharmacogenomics
Pharmacokinetics

Pharmacotherapeutics
Preoperative drug management
Psychopharmacology
Reproductive Toxicology
Systems Pharmacology
Theoretical Pharmacology
Therapeutics
Toxicology
