

CALL FOR PAPERS

ICARHAT 2018
Sep 10-11, 2018
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICARHAT 2018 : International Conference on Auditory Rehabilitation and Hearing Aids Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Auditory Rehabilitation and Hearing Aids Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Audiology: Medicine and
Instrumentation
Auditory Disorders
Diagnostics in Audiology
Hearing: Biology and Physiology
Pediatric Audiology

Hearing Loss and Prevention
Auditory Rehabilitation
Auditory Neurophysiology
Hearing Aids and Treatment
Technology
Implantable Technologies and
Advancement in Treatment
