

CALL FOR PAPERS

ICBE 2019
Sep 25-26, 2019
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBE 2019 : International Conference on Blasting and Explosives is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Blasting and Explosives. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

EU directives and harmonisation
work

Health, safety and the environment

Blast vibration and seismology

Technical development

Shot hole development

Blasting work experiences

Construction blasting

Clearance and decontamination

Management blast design

Explosive detection for security

New applications and training
