

# CALL FOR PAPERS

**ICREEED 2019**  
**Nov 04-05, 2019**  
**Amsterdam, The Netherlands**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICREEED 2019 : International Conference on River Ecosystem Ecology and Ecosystem Dynamics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of River Ecosystem Ecology and Ecosystem Dynamics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

River Ecosystem Ecology  
Physical and Chemical Processes  
Influencing Rivers  
Physical and Chemical Properties of  
Water  
Hydrological Cycle and Water  
Budgets  
Hydrology: Streams and Rivers  
Geomorphology of Streams and  
Rivers  
Hydrodynamical Modeling  
Floods  
Ecology of Flowing Waters  
Streams and Rivers as Ecosystems  
Algae of River Ecosystems  
Benthic Invertebrate Fauna

Biological Interactions in River  
Ecosystems  
Regulators of Biotic Processes in  
Stream and River Ecosystems  
Ecology and Role of Headwater  
Streams  
Riparian Zones  
Flood Plains  
Wetlands of Large Rivers  
Models of Ecological Processes in  
Riverine Ecosystems  
Human Impacts on Streams and  
Rivers  
Deforestation and Nutrient Loading  
to Fresh Waters  
Agriculture, Climate and Rivers  
Urban Aquatic Ecosystems  
Restoration Ecology of Rivers
