

# CALL FOR PAPERS

**ICHPEEB 2019**  
**Nov 07-08, 2019**  
**Istanbul, Turkey**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHPEEB 2019 : International Conference on High Performance Energy Efficient Buildings is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of High Performance Energy Efficient Buildings. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Energy Conservation in Domestic,  
Industrial and Commercial Sector  
Renewable and Smart Energy  
Technologies  
Domestic Energy Efficient Buildings  
and Devices  
Commercial and Industrial Energy  
Efficient Equipment  
Green Building Design  
Building Envelope Strategies for  
Better Energy Performance  
Building Codes and Standards  
Energy Management System and  
Standards  
Energy Efficient Cooling and  
Heating System  
Smart Metering System  
Energy Efficient Lighting System  
Building Management System

Energy System Modeling  
Energy-saving Technologies  
Energy-efficient Lighting Products  
and Technologies  
Green Building Materials and  
Energy-saving Buildings  
Energy Conservation Strategies in  
buildings  
Environmental Safety and Health  
Environmental Planning and  
Assessment  
Building Design, Feasibility and  
Environmental Impact  
Design Automation  
Theory and practice of Sustainable  
Development  
Energy Usage Patterns  
Urban and Regional Planning
