

# CALL FOR PAPERS

**ICTFCE 2019**  
**Nov 07-08, 2019**  
**Istanbul, Turkey**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTFCE 2019 : International Conference on Theoretical Foundations of Civil Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Theoretical Foundations of Civil Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Structural mechanics  
Building structures

Geodesy and geotechnics  
Building materials, technologies,  
organization and management in  
construction
