

CALL FOR PAPERS

ICHSS 2019
Nov 20-21, 2019
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHSS 2019 : International Conference on Homeland Security Studies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Homeland Security Studies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Homeland security
Emerging threats in a multi-hazard environment
Homeland security/defense organizations
Homeland security/defense policies, strategies, and legal issues
Strategy and threat characterization
Risk analysis
Standards, performance and evaluations
Emergency preparedness and response
Volunteer medical, police, emergency management, and fire personnel;

Domestic and international intelligence activities
Critical infrastructure and perimeter protection
Investigation of people making and distributing child pornography
Border control, including both land, maritime and country borders
Transportation security, including aviation and maritime transportation
Biodefense
Detection of radioactive and radiological materials
Research on next-generation security technologies
