

# CALL FOR PAPERS

**ICSDLS 2019**  
**Nov 20-21, 2019**  
**Paris, France**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSDLS 2019 : International Conference on State-Dependent Learning and Substances is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of State-Dependent Learning and Substances. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

State-dependent learning and memory  
State-dependent memory storage and retrieval  
Biological functions and explanatory mechanisms  
Substances, pain and internal state  
Mood state dependent learning

Mood-state-dependent retrieval  
Alcohol and state-dependent learning  
Caffeine and state-dependent learning  
False memory and state dependent learning
