

# CALL FOR PAPERS

**ICIDA 2019**  
**Nov 11-12, 2019**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIDA 2019 : International Conference on Interior Design and Architecture is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Interior Design and Architecture. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Decoration engineering	Design planning
Building decoration and interior design	Furniture design/set-up
Architecture, landscape and interior design	Indoor comfort
Acoustic consideration	Installations
Adaptive re-use and interior environments: contexts, aesthetics, functions	Light, color and materials
Behavioral factors: cultural, social, and economic sustainability	Preservation and adaptive re-use: sustainability issues
Building occupant and community member perception, performance, and health	Quality of life
Compact living	Space efficiency
Conceptualization	Spatial design
Craft and fabrication: green materials, finishes, furnishings, and products	Sustainable interior design
Design history and theory	Architectural interior and exterior decorations of performance spaces
Design modeling, processes, simulations and communication	Reflections of political power presented in theatrical performances
Design paradigms	Ideological context of religious rituals and their spaces
