

# CALL FOR PAPERS

**ICIME 2019**  
**Nov 12-13, 2019**  
**Venice, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIME 2019 : International Conference on Industrial and Mechanical Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Industrial and Mechanical Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial Engineering  
Decision Analysis and Methods  
E-Business and E-Commerce  
Engineering Economy and Cost  
Analysis  
Engineering Education and Training  
Facilities Planning and Management  
Global Manufacturing and  
Management  
Human Factors  
Information Processing and  
Engineering  
Intelligent Systems  
Manufacturing Systems  
Operations Research  
Production Planning and Control

Project Management  
Quality Control and Management  
Reliability and Maintenance  
Engineering  
Safety, Security and Risk  
Management  
Service Innovation and Management  
Supply Chain Management  
Systems Modeling and Simulation  
Technology and Knowledge  
Management  
Mechanical Engineering  
Applied Mechanics  
Automation, Mechatronics and  
Robotics  
Automobiles  
Biomedical Engineering
