

# CALL FOR PAPERS

**ICSMMM 2019**  
**Nov 12-13, 2019**  
**Venice, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSMMM 2019 : International Conference on Situation Management, Monitoring and Modeling is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Situation Management, Monitoring and Modeling. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Situation management  
Situation management applications  
Situation modelling  
Situation recognition  
Situational reasoning  
Artificial intelligence

Information fusion  
Distributed multi-agent systems  
Semantic web  
Sensor networks  
Self-organizing systems  
Human factors
