

CALL FOR PAPERS

ICFNRE 2019
Dec 19-20, 2019
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFNRE 2019 : International Conference on Forests and Natural Resources Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Forests and Natural Resources Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural and Forestry Engineering
Agricultural Biotechnology
Animal and Human Health for the Environment and Development
Adapting Agriculture and Forestry to Climate Change
Economic Perspectives for Agriculture and Forestry
Global Climate Change and Ecosystems
Sustainable Agriculture and the Environment
Farming Systems and Agro-ecology
Adaptive Management of Biodiversity
Fisheries and Aquatic Resources
Integrated Farming and Bioenergy
Germplasm Conservation and Uses
Plant Interactions / Interfaces

Governance of Agro-ecosystems and Tradeoffs in Development
Sustainable Agriculture, Forestry and Climate
Sustainable Pest Management
Food Engineering and Biotechnology
Food and Nutrition Security
Forest Ecosystems Management
Human and Nature Interrelationships
Dynamics and Pathways of Land Systems Change
Labour, Ergonomics, Safety and Health
System Engineering, Management, Traceability
Field Operations
Livestock and Wildlife Health and Management
Biodiversity, Wildlife and Ecosystem Health
