

CALL FOR PAPERS

ICWM 2019
Dec 19-20, 2019
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWM 2019 : International Conference on Warehouse Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Warehouse Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Warehouse management
Warehouse management systems and software
Warehouse management functions
Global warehouses
Warehouse space, policies and procedures
Determining storage requirements

Warehouse preparation planning
Managing inventory levels
Stock control and movements
Resource requirements
Individual stock keeping units
Warehouse storage locations
