

# CALL FOR PAPERS

**ICGPCDT 2019**  
**Dec 05-06, 2019**  
**Kuala Lumpur, Malaysia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGPCDT 2019 : International Conference on General Pediatrics and Cardial Dysfunction Therapies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of General Pediatrics and Cardial Dysfunction Therapies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nutrient deficiencies  
Pediatric obesity  
Child psychology  
Pediatric behavioural studies  
Pain relief therapies and management  
Diagnosis and treatment  
Neonatal diagnosis and surgery  
Regenerative cardiac surgery

Nursing and care for pediatric cardiac patients  
Pediatric cardiovascular surgery and complications  
Cardiac rehabilitation  
Interventional cardiology  
Myocardial dysfunction  
Syncope- treatment and management
