

# CALL FOR PAPERS

**ICPNDT 2019**  
**Dec 12-13, 2019**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPNDT 2019 : International Conference on Pediatric Neurology Disorders and Treatments is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Pediatric Neurology Disorders and Treatments. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Paediatric neurologists insights  
Maternal neurologists insights  
Functional neurologists insights  
Neurosurgeons insights  
Advances in neurology  
Chiropractic neurology  
Neurological disorders and stroke

Neuropathic pain syndromes  
Hereditary neuropathy  
Peripheral neuropathy  
Diabetic paediatric neuropathy  
Neuropathic pain and neuralgia  
Advances in paediatric neuropathy
