

# CALL FOR PAPERS

**ICADIWT 2019**  
**Dec 04-05, 2019**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICADIWT 2019 : International Conference on Applications of Digital Information and Web Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applications of Digital Information and Web Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer Communication  
Communication Technologies  
Forensics, Recognition Technologies  
and Applications  
Communication Software  
Fuzzy and neural network systems  
Signal processing, pattern  
recognition and applications  
Digital image processing  
Speech processing  
Computational biology and  
bioinformatics  
Computer networks

Information retrieval and internet  
applications  
Software engineering  
Data Communication  
Digital Communication  
Databases and applications  
Distributed Computing  
Data mining  
Real time systems  
Computer and network security  
Multi-Agent systems
