

CALL FOR PAPERS

ICGGGGE 2019
Dec 26-27, 2019
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGGGGE 2019 : International Conference on Geoenvironmental, Geomaterials, Geomechanical and Geotechnical Engineering is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Geoenvironmental, Geomaterials, Geomechanical and Geotechnical Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Geoenvironmental, Geomaterials,
Geomechanical and Geotechnical
Engineering
Built Materials
Construction Engineering
Dams and Rivers
Engineering Geology
Geoenvironmental Engineering
Geohazards
Geomaterials Engineering
Geomechanics and Geomaterials
Geosynthetics and Geoproducts
Geotechnical Infrastructure

Geotechnical Structure
Marine Geotechnics
Mining and Geotechnics
Modelling and Design
Soil and Rock Mechanics and
Characterization
Structural Engineering
Sustainable Development, Education
and Safety
Terrain Characterization
Transportation Geotechnics
Transportation Infrastructure
