

# CALL FOR PAPERS

**ICAMST 2020**  
**Jan 20-21, 2020**  
**Amsterdam, The Netherlands**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMST 2020 : International Conference on Aircraft Maintenance Systems and Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aircraft Maintenance Systems and Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aircraft Maintenance  
Aircraft components  
Aircraft maintenance checks (A Check, B Check, C Check and D Check)  
Preventive maintenance  
Operational maintenance  
Corrective maintenance  
Adaptive maintenance  
Predictive maintenance  
Airworthiness release  
Airworthiness  
Groundcrew

Line-replaceable unit  
Maintenance resource management  
Maintenance, repair, and operations  
Professional aviation maintenance association  
Shop-replaceable unit  
Composite aircraft  
Improving line maintenance processes and costs  
Extracting value from ageing aircraft  
Inventory management systems  
Big data
