

CALL FOR PAPERS

ICASBM 2020
Jan 20-21, 2020
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICASBM 2020 : International Conference on Advanced and Sustainable Building Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced and Sustainable Building Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced building materials and technologies
Innovative integrated solutions to key building materials
Energy efficient building materials

Utilization of alternative raw materials
Life cycle analysis of building materials
Technologies and materials for improved indoor air quality
