

CALL FOR PAPERS

ICSTEM 2020
Jan 13-14, 2020
Bali, Indonesia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSTEM 2020 : International Conference on Science, Technology, Engineering, and Mathematics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Science, Technology, Engineering, and Mathematics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Natural, Physical and Life
Sciences

Atmospheric sciences

Bioengineering

Biology

Biomedical imaging
