

# CALL FOR PAPERS

**ICBB 2020**  
**Jan 30-31, 2020**  
**Dubai, UAE**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBB 2020 : International Conference on Bionanotechnology and Biomechanics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Bionanotechnology and Biomechanics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced biotechnology  
Biocatalysis  
Bioelectrical and neural engineering  
Bioenergy and biofuels  
Biofluid mechanics  
Biotechnology and applications  
Biorheology  
Biological flow measurement techniques, microcirculation  
Biological systems

Biomaterials and biomechanics  
Biomedical engineering  
Biomedical signal and image processing  
Biomedical modeling and computer simulation  
Biometric and biomeasurement  
Bionanotechnology  
Biophysics  
Current scenario of biotechnology  
Industrial and microbial biotechnology
