

CALL FOR PAPERS

ICBPSTM 2020
Jan 30-31, 2020
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBPSTM 2020 : International Conference on Biodegradable Plastics, Standards and Test Methods is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biodegradable Plastics, Standards and Test Methods. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biodegradable plastics	Emerging application areas
Bioplastics and biodegradable plastics	Standards and test methods
Biodegradable plastics from natural resources	Biodegradation standards and tests
Developments and environmental impacts	Compost toxicity tests
Potential positive environmental impacts	Difference between standards for biodegradation
Potential negative environmental impacts	Disposal environment
Composting	Composting facilities and soil burial
Landfill degradation	Anaerobic digestion
Energy use	Waste water treatment plants
Greenhouse gas emissions	Reprocessing facilities
Environmental concerns and benefits	Landfills
Energy costs for production	Marine and freshwater environments
Regulation	Recyclable plastics
