

# CALL FOR PAPERS

**ICCADDP 2020**  
**Jan 30-31, 2020**  
**Dubai, UAE**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCADDP 2020 : International Conference on Computer-Aided Design and Design Parameterization is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer-Aided Design and Design Parameterization. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer-aided design  
e-Design  
Geometric and solid modeling  
Mechanical assembly  
Design parameterization  
Product data management  
Kinematic and dynamic analyses of mechanical systems  
Fatigue and fracture analysis

Failure probability estimate  
Reliability-based design  
Virtual manufacturing  
Rapid prototyping  
Product cost estimate  
Design decision making  
Design optimization  
Future trends in all-digital design
