

CALL FOR PAPERS

ICCEI 2020
Jan 30-31, 2020
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEI 2020 : International Conference on Control Engineering and Informatics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Control Engineering and Informatics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Control science and engineering
Adaptive control
Robust control
Process control
Complex systems
Co-operative control
Identification and estimation
Nonlinear systems
Intelligent systems
Discrete event systems
Hybrid systems
Networked control systems
Sensor network systems

Delay systems
Neural networks
Fuzzy systems
Control of biological systems
Precision motion control
Control applications
Control engineering education
Automation Science and Engineering
Man-machine interactions
Process automation
Intelligent automation
Factory modeling and simulation
