

CALL FOR PAPERS

ICDR 2020
Jan 30-31, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDR 2020 : International Conference on Domestic Robotics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Domestic Robotics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- Domestic robots
- Advanced domestic robots and applications
- Domestic robots, advantages and disadvantages
- Nature-inspired approaches to domestic robots
- All aspects of domestic robot safety
- Self-configuration and adaptation of domestic robots
- Groups of domestic robots
- Smart home environments
- Domestic robot interaction
- Behavioral paradigms and architectures for domestic robots
- Interactions between robots, robots and other devices
- Domestic robot design
- Domestic floor-cleaning robots
- Pool-cleaning robots
- windows-cleaning robots
- Indoor robots
- Outdoor robots
- Toys
- Social robots
