

CALL FOR PAPERS

ICMAI 2020
Jan 20-21, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMAI 2020 : International Conference on Mathematics and Artificial Intelligence is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Mathematics and Artificial Intelligence. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mathematics and Artificial
Intelligence
Applications in Science and
Engineering using Mathematical
Methods
Applied logics, Algorithms and
Complexity
Applying Quantitative,
Combinatorial, Logical, Algebraic
and Algorithmic Methods to
Artificial Intelligence Areas
Artificial Intelligence Theory
Automated Deduction
Computational Geometry

Computational Mathematics
Computer Vision
Decision Support
Knowledge-based Systems
Machine Learning
Reasoning
Robotics and Planning
