

CALL FOR PAPERS

ICMME 2020
Jan 20-21, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMME 2020 : International Conference on Metallurgical and Materials Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Metallurgical and Materials Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Metallurgy, Materials Science and Engineering
Metallurgy
Metallurgical Physical Chemistry
Ferrous Metallurgy
Metallurgy of Non-ferrous Metals
Metallurgical Environmental Engineering
Metallurgical Reaction Engineering
Metallurgy Materials and Pretreatment
Metallurgical Thermal Engineering
Metallurgical Machinery and Automation
Mining Engineering
Mineral Processing

Mining Engineering
Mining Environmental Engineering
Mining Surface Engineering
Development Engineering of Gas Well and Field
Mine survey and Safety Engineering
Petroleum and Gas Storage and Transportation Engineering
Petroleum Machinery and Equipment
Advanced Materials Science
Nanotechnology and Materials
Semi-conductor Materials
Magnetic Materials
Electronic Materials
