

# CALL FOR PAPERS

**ICMNMR 2020**  
**Jan 20-21, 2020**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMNMR 2020 : International Conference on Management of Natural Marine Resources is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Management of Natural Marine Resources. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Marine resources conservation	Technology and halfway technology
Marine conservation	Laws and treaties
Protection and preservation of ecosystems in oceans and seas	Organizations and education
Limiting human-caused damage to marine ecosystems	Extinct and endangered species
Restoring damaged marine ecosystems	Marine mammals
Preserving vulnerable marine species	Sea turtles
Poverty reduction strategies	Fish
Coral reefs	Marine plants
Human impact	History of marine resources conservation
Techniques	Overabundance
