

CALL FOR PAPERS

ICPM 2020
Jan 20-21, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPM 2020 : International Conference on Polar Microbiology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Polar Microbiology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Polar microbiology
Polar microbial biodiversity
Polar biogeochemistry
Polar biogeography
Polar microbial biotechnology
Polar evolutionary biology

Polar microbial genetics, genomics
and proteomics
Polar microbiology
Polar molecular biology
Polar molecular ecology
Polar microbial physiology and
metabolism
