

CALL FOR PAPERS

ICDE 2020
Jan 30-31, 2020
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDE 2020 : International Conference on Demographic Economics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Demographic Economics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Demographic economics

Labor and demographic economics
Economic analysis and demography
Demographic trends and forecasts
Marriage, marital dissolution, and family structure
Fertility, family planning, child care, children, and youth

Economics of the elderly
Economics of the handicapped
Economics of minorities and races
Economics of gender
Value of life
Public policy
