

CALL FOR PAPERS

ICRRT 2020
Jan 30-31, 2020
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRRT 2020 : International Conference on Rehabilitation Robotics and Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Rehabilitation Robotics and Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Rehabilitation robotics
Rehabilitation and assistive
robotics
Wearable exoskeletons
Socially interactive robotics
Robotics for clinical neuroscience
Neural processes of rehabilitation
Computational neurorehabilitation
Prosthetics and orthotics
Evaluation methods and clinical
experience
Technology-based assessment and
metrics

Brain machine interfaces in
rehabilitation
Assistive robotics
Robotic wheelchairs
Diagnostic robotics
Therapeutic robotics
Orthotics and prosthetics
Brain machine interfaces
Neuroprosthetics
Neuroscience robotics
Social robotics
