

# CALL FOR PAPERS

**ICVAAIT 2020**  
**Jan 30-31, 2020**  
**New York, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVAAIT 2020 : International Conference on Veterinary Andrology and Artificial Insemination Technology is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Veterinary Andrology and Artificial Insemination Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Veterinary andrology  
Semenology and artificial insemination  
Animal andrology: theories and applications  
Cytometric solutions in veterinary andrology  
Puberty, sexual maturity and factors affecting sexual maturity  
Sexual behaviour and libido in domestic animals  
Forms of male infertility- abnormalities, malformations  
Diseases of male genitalia, their diagnosis and treatment  
Artificial insemination technology  
Artificial insemination technique using liquid and frozen semen

Planning and organization of artificial insemination  
Cleaning and sterilization of artificial insemination equipments  
Andrological investigations for breeding soundness of bulls
