

CALL FOR PAPERS

ICECIS 2020
Jan 23-24, 2020
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICECIS 2020 : International Conference on Electronics, Communication and Information Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Electronics, Communication and Information Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Adhoc Networks
Antenna & Propagation
Bioelectronics & Biosensors
Communication theory
Discrete Electronics Circuits
DSP Algorithms & Architectures
Embedded Systems
Green Communication
Image Processing
Information Theory

Microwave Communication
Mobile Communication
Multimedia Processing
Network Security
Optimization techniques
Opto Electronics & Optical
Communication
Pattern Analysis and
Classification
Satellite Communication
VLSI Design
Wireless Sensor Networks
