

CALL FOR PAPERS

ICAANT 2020
Jan 16-17, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAANT 2020 : International Conference on Algorithmic Algebra and Number Theory is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Algorithmic Algebra and Number Theory. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computational number theory
Algorithmic number theory
Number theoretic computations

Number theory and algebra
Prime numbers and composite numbers
