

CALL FOR PAPERS

ICENS 2020
Jan 16-17, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICENS 2020 : International Conference on Engineering and Natural Sciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Engineering and Natural Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Engineering Sciences:

Aerospace engineering
Acoustical engineering
Agricultural engineering
Applied engineering
Biological engineering
Biomolecular engineering
Building services engineering
Chemical Engineering
Civil Engineering
Computer engineering
Electrical Engineering
Electronic engineering

Energy engineering
Environmental engineering
Geotechnical engineering
Hydraulic Engineering
Industrial engineering
Manufacturing engineering
Materials engineering
Mechanical Engineering
Mechatronics
Molecular engineering
Nanoengineering
Nuclear engineering
Optical engineering
