

CALL FOR PAPERS

ICASNRS 2020
Jan 09-10, 2020
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICASNRS 2020 : International Conference on Advances in Social Networks and Recommender Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Social Networks and Recommender Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Social media recommender systems
Large-scale parallel and distributed implementations of social media recommender systems
Applications of social media recommender systems
Context-aware recommender systems incorporating social information

Novel recommendation techniques for social network applications
Enhancing recommender performances using social big data
Multimedia recommender systems for social networks
Privacy preserving in social recommender systems
