

CALL FOR PAPERS

ICPPDIS 2020
Jan 09-10, 2020
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPPDIS 2020 : International Conference on Plant Pathology, Diseases and Immune System is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Plant Pathology, Diseases and Immune System. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Endosymbiosis
Plant microbial interactions
Phytoplasma and nematodes
Plant diseases epidemiology
Fungal-plant interactions

Molecular and genetic basis of
plant-insect interaction
Oxidative stress in plants
Plant virology
plant immune system
