

CALL FOR PAPERS

ICPSSMI 2020
Feb 06-07, 2020
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPSSMI 2020 : International Conference on Philosophy of Sciences, Scientific Method and Inquiry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Philosophy of Sciences, Scientific Method and Inquiry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Scientific method	Models of scientific inquiry
Process	Classical model
Recent theories	Pragmatic model
Scientific inquiry	Communication and community
Properties of scientific inquiry	Peer review evaluation
Beliefs and biases	Documentation and replication
Elements of the scientific method	Dimensions of practice
Characterizations	Philosophy and sociology of science
Hypothesis development	Role of chance in discovery
Predictions from the hypothesis	History
Experiments	Relationship with mathematics
Evaluation and improvement	Relationship with statistics
Confirmation	Problems and issues
