

CALL FOR PAPERS

ICRANR 2020
Feb 06-07, 2020
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRANR 2020 : International Conference on Recent Advances in Neuromuscular Research is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Recent Advances in Neuromuscular Research. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advances in neuromuscular research
Resistance training
Accentuated eccentric training
Variable resistance training

Weightlifting derivatives
Plyometric training
Sport performance
