

CALL FOR PAPERS

ICAWTIA 2020
Feb 03-04, 2020
Bangkok, Thailand

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAWTIA 2020 : International Conference on Advanced Web Technologies for Industrial Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Web Technologies for Industrial Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Web technologies in industrial systems
Advantages of using web technologies in industrial systems
Industry standard web technologies
Industrial applications of semantic web

Semantic web computing in industry
Semantic web technologies and applications for enterprises
Industrial website design and development
