

CALL FOR PAPERS

ICTVET 2020
Feb 03-04, 2020
Bangkok, Thailand

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTVET 2020 : International Conference on Technical Vocational Education and Training is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Technical Vocational Education and Training. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Vocational education
Recent discussions about vocational education
Vocational education in the world
Advantages and disadvantages of vocational education
Vocational pedagogy
Computers in vocational pedagogy
Technical vocational education

Types of vocational pedagogy
Vocational pedagogy and its effect on country's economy
Digitalisation and its effect on vocational education
Teacher's role in vocational education
Employability and vocational education
Reform of vocational education
