

CALL FOR PAPERS

ICCTHCCW 2020
Feb 10-11, 2020
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCTHCCW 2020 : International Conference on Computer Technologies for Human-Centered Cyber World is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Technologies for Human-Centered Cyber World. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Affective computing
Cyber-physical systems
Intelligent systems
Distributed intelligent systems
Artificial intelligence
Artificial life
Human-computer interaction
Augmented cognition

Assistive technology
User interface design
Usability study
Robotic systems
Machine vision
Medical informatics
Decision support systems
