

CALL FOR PAPERS

ICECIT 2020
Feb 10-11, 2020
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICECIT 2020 : International Conference on Electromagnetic Compatibility in Internet of Things is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Electromagnetic Compatibility in Internet of Things. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

EMC in IoT applications
Power electronics EMC
IC-level EMC
System level EMC
Electromagnetic interference

Electromagnetic compatibility
EMC simulations
EMC measurements
EMI mitigation techniques
EMC applications of Artificial
Intelligence/machine learning
