The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNCRS 2020 : International Conference on Nuclear Chemistry and Radiation Science is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nuclear Chemistry and Radiation Science. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nuclear chemistry: an introduction
Radiochemistry
Radiology
Nuclear physics
Radiation chemistry
Radioactivity
Nuclear engineering
Nuclear power

Radiobiology
Nuclear medicine
Radiopharmacology
Radiation monitoring
Nuclear safety and security
Nuclear chain reactions
Nuclear fusion and fission
Nuclear fuel cycle
