

CALL FOR PAPERS

ICPPOPR 2020
Feb 10-11, 2020
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPPOPR 2020 : International Conference on Postharvest Physiology of Ornamentals, Processes and Regulation is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Postharvest Physiology of Ornamentals, Processes and Regulation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cut flowers and foliage
Senescence
Abscission
Pigmentation
Pathogens control

Water relations
Gravitropic bending
Vase/shelf life
Plant hormones
Carbohydrates
