

CALL FOR PAPERS

ICMCBM 2020
Feb 13-14, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMCBM 2020 : International Conference on Material Chemistry and Building Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Material Chemistry and Building Materials. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Material chemistry and building materials
Polymer materials and processing
Structural chemistry of materials
Green building materials and technologies
Advances in cement based materials
Sustainable resources and materials use

Material quality and control
Local and recycled materials
Smart and sustainable materials
Concrete technology
Geo-polymer composite materials
