

CALL FOR PAPERS

ICASGA 2020
Feb 10-11, 2020
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICASGA 2020 : International Conference on Advances in Solar Geoengineering and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Solar Geoengineering and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Solar geoengineering
Solar geoengineering benefits and risks
Solar geoengineering research

Carbon removal and solar geoengineering
Modelling solar geoengineering
Solar radiation management
