

# CALL FOR PAPERS

**ICCMDME 2020**  
**Feb 10-11, 2020**  
**Kuala Lumpur, Malaysia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCMDME 2020 : International Conference on Computer Modelling in Decision Making and Econometrics is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Modelling in Decision Making and Econometrics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer modelling  
Decision making  
Computer modelling in decision making  
Data mining  
Econometrics  
Mathematical economics  
Optimization models

Machine learning for decision making  
Financial and economic network analysis  
Economic forecasting  
Decision making in finance  
Decision making in insurance  
Financial analysis
