

CALL FOR PAPERS

ICFCN 2020
Feb 10-11, 2020
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFCN 2020 : International Conference on Food Chemistry and Nutrition is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food Chemistry and Nutrition. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food chemistry
Chemistry of food
Behavior of hydrocolloids
Food flavor chemistry
Hydrophilic colloids in food industry
Sea food and staple food
Food microbiology and impact of water on food
Food safety and food security
Rheology and kinetics of chemical reaction in food

Food storage and preservation
Food, nutrition and health
Food functionality
Bioactive constituents
Processing, fortification and packaging of food
Recent advancement in food science
Equipment's and techniques
Food dairy: science, research and sustainability
